ORTHEX GROUP

Practical is beautiful

Orthex Group is a leading Nordic producer of household products with over 100 years of experience. We are proud to offer a broad assortment of products that are high quality, safe and functional. Our brands are strong, well-known and actively marketed. Over 90% of all products are manufactured in Sweden and Finland in our own factories.

Long-lasting products

Local production

Frequent use of recycled and bio-based materials

Target: carbon neutral production by 2030

SHOWING THE WAY IN SUSTAINABILITY

Orthex Group’s reputation for sustainability is a vital business asset that depends on the commitment of all our people to act in accordance with our ambitious sustainability strategy. Every day through our actions, each of us is responsible for making our strategy come to life through sound judgement and firm business decisions. We have made a commitment to show the way in sustainability

in our industry and we are actively supporting the UN sustainability goals.

Orthex Group is always committed to conduct business in a sustainable and responsible manner and we are happy to help our partners and consumers to do the same through working with Orthex and by selecting Orthex Group products. Orthex’s sustainability report,

SUSTAINABLE SOLUTIONS

Orthex aims to be the industry forerunner in sustainability by promoting safe and long lasting products, reducing the carbon footprint of its operations and products and sourcing an ever increasing amount of raw materials from bio-based and recycled plastic. Orthex has focused on sustainability since the early 1990s and has a clear focus on sustainability. Orthex aims for its production process to be carbon neutral by 2030.

Note: 1) Orthex signed the European Plastics Pact 6 of March 2020, the same date as the company received information about the possibility to sign the Pact

which details Orthex’s sustainability targets, achievements and efforts, is published annually. You can find it on our web site at www.orthexgroup.com

STORAGE SOLUTIONS FOR ALL NEEDS

SmartStore™ is the Scandinavian market leader of clever and sustainable storage solutions. SmartStore adapts easily for different needs and gives inspiration on how to organize everyday life.

Making your household more functional since 1995. SmartStore™ combines style with functionality. Having your things in order has never been this easy!

THE ORIGINAL

The first SmartStore™ box was launched in 1995. The goal was to build the best box on the market. Over the years, SmartStore™ has developed into a unique concept of storage solutions for home users and professionals alike.

SmartStore™ equals excellence in execution. **Premium quality, Scandinavian design and consumer-relevant innovation are at the heart of everything we do.** SmartStore™ endures time and rough conditions, providing clever details and functional additions that make storage so simple. Your belongings are always safe and easy to find, and you can enjoy the feeling of knowing that everything is in its place. Everyday.

SORTING AND RECYCLING

COLLECT

SmartStore™ Collect is an innovative recycling solution. It facilitates sorting and storing of packaging waste, making everyday life easier and more sustainable. Modern Scandinavian design underlines durability and functionality; the solution can be integrated into existing systems, or used free-standing.

The boxes are made of recycled plastic, and the lid of durable birch plywood. The sturdy big box also transforms into a practical stool.

COLLECT

SmartStore™ Collect is a storage solution for sustainable living. The concept is designed to make sorting and recycling easy and integrated into everyday life. Sort and store for example your laundry, empty bottles or cardboard waste in this 48 L box, and place it wherever you want in your home.

Thanks to its small and compact size, the SmartStore™ Collect 48 L is easy to fit into small and narrow spaces. SmartStore™ Collect 48 L is designed and made in Finland, of durable, recycled plastic, with a stylish lid that completes the design.

NEW

Complement your Collect 48 L with a practical mesh bag. The mesh bag is the perfect accessory, when you want to transport the contents from one place to another.

Thanks to its compact size, the SmartStore™ Collect 48 L is easy to fit into small and narrow spaces.

COMPACT

The modern and space-efficient small storage solution. One of today's trends is to make everything as compact and lean as possible. SmartStore™ Compact meets several modern needs with a series of modular storage boxes that makes your everyday life easier. SmartStore™ does its magic especially in the kitchen where things must be right at hand.

In 2021, we launched two new sizes to the Compact range. Compact Mini is perfect for vertical storage of smaller items. Use it in the bathroom, or to keep your workspace neat and organized. Compact Slim is designed for horizontal storage of smaller items. Bring order to the home office or kids' room, or organize your drawers.

COMPACT CLEAR

SmartStore™ Compact Clear is a modern small-storage solution for the home. The transparent containers are great for organizing e.g. bathroom items or home office supplies. The modular concept works inside cabinets and drawers, as well as on shelves and countertops.

Perfect visibility of the contents, and different sizes to keep all your small and medium-sized items in order.

The transparent bins are also perfect for organizing the fridge. Fresh produce will stay edible longer thanks to proper handling and storage. And when everything is visible and has its own place, the rotation improves and food waste is minimized.

COMPACT CLEAR

In 2021, the assortment grew with Compact Clear Slim and Mini. Compact Clear Mini is designed for vertical storage of smaller items. Place it e.g. in bathroom cabinets to store make-up and cosmetics. Compact Clear Slim again invites to horizontal storage of smaller items, e.g. office supplies or bathroom items. The new longer shape is ideal for organizing jars and tubes in the fridge.

Handles for easy lifting and a durable surface that is easy to keep clean.

GENERAL STORAGE

To create optimal storage conditions, keep different produce separated. Items that don't need fridge storage can be stored close at hand.

RECYCLED

SmartStore™ is proud to present a new range, made of recycled raw material. In our factories, we transform post-consumer and industrial plastic waste into new products, giving discarded plastic a new life.

The recycled products have the same qualities and benefits as virgin plastic. They are durable, light-weight and versatile.

The range of SmartStore™ Recycled boxes include our most popular box sizes, made from recycled post-consumer plastic.

The products are available in a modern taupe color. The opaque finish gives excellent impact resistance for long-term use, and the range is perfect for all-round storage e.g. in the car, garage or basement.

BASIC

SmartStore™ Basic is a range of practical storage products to keep big and small things in place. The Basic range includes stackable boxes in different sizes, with and without lid, sturdy crates, as well as various baskets.

Basic is perfect for storage of household items such as clothes, duvets, pillows or soft toys.

High-quality raw materials combined with innovative design enable a transparent yet very durable finish. Frosted surfaces on the lid and bottom bring an additional, sophisticated touch. Four practical boxes, each size developed for different storage needs.

BEDROLLER

The SmartStore™ 46 L Bedroller is the perfect solution for bedroom storage. It frees up valuable space under the bed, and can also create new storage possibilities in closets and wardrobes.

The bedroller is easy to move around thanks to the wheels. The frosted box is stylish and not too visible from under the bed, and the transparent lid makes the contents easily visible.

BEDROLLER
76x51x18 cm (46 L)
60010

The foldable lid makes the box perfect also for smaller bedrooms; you can pull it out just half-way from under the bed, and still have easy access to the contents.

DRY

Specially designed for challenging conditions! SmartStore™ Dry is ideal for secure storage in the attic, basement, cottage, boat or caravan. Dry is also an excellent choice for storage and transportation of food and liquids. Protect your things from bugs, dust and moisture. This safe box comes in three different sizes and with 10 years guarantee.

Keep your food and liquids away from dirt and unwanted visitors like bugs and insects.

IP44

A product that has a rating of IP44 means that it is protected against solid objects that are bigger than 1mm and water splashing from all directions

BASKET RECYCLED

SmartStore™ Basket Recycled is a tribute to Nordic design. The range is made from recycled plastic, in white and modern grey colour. The construction is lightweight, durable and suited for both dry and wet surfaces. The baskets fit perfectly in the hallway, bedroom, bathroom, home office or closet, hiding away all the small items.

*The Blue Angel guarantees that a product or service meets high standards when it comes to its environmental, health and performance characteristics.

IN-STORE SOLUTIONS

The SmartStore™ Instore Excellence concept drives increased sales!

On average, the consumer only sees a fraction of the total assortment, and only visits a small part of the store area. Most of the shopping time is used to look for items, and many shoppers leave the aisles without buying.

With SmartStore in-store solutions, you can attract the attention of the shoppers, and present your storage assortment in a structured and effective way. With long experience in building different POS solutions with our customers, in varying retail environments, we believe we have a winning concept. An optimized assortment, customized planograms and carefully designed POS materials will make the most of your storage sales.

According to our research, the most important thing consumers do when browsing is **examining the features and benefits** of the products. Other key shopper behaviors are **comparing prices, browsing other product displays, and looking for offers and promotions**. To facilitate the decision-making process, various kinds of information must be provided, e.g.

1. Visible signage
2. Clear price information
3. Product information

5. Attractive secondary placements

THE SMARTSTORE™ COLOUR CODING SYSTEM

Help Shoppers Find the Right Solutions!

Our SmartStore™ CLASSIC and HOME products are colour-tagged to guide shoppers through the selection process. Many of our products can be stacked to save space, and we also offer practical inserts and accessories to go with the boxes.

COLOR MODULES:

Each colour represents a certain lid size. So the colour code indicates which boxes can be stacked on top of each other.

The colour code on the label makes it easy to pick the right lid for your box, to find other sizes stackable with your box, and to match boxes with suitable inserts..

The SmartStore colour coding system includes various POS elements that are easy to install. As shoppers often make the purchase decisions in-store, it's important to help them find and evaluate the right products.

Let's boost your sales together and start planning the implementation of our In-store Excellence program in your stores!

WEB ENVIRONMENTS

Our SmartStore™ Instore Excellence concept is easy to implement in webstore environments. The colour tags link products together and suggest related products. Want to hear more? Our sales representative will be happy to deliver more details to get you started!

POINT-OF-SALE MATERIAL

SmartStore™ offers inspiring material for stores to boost sales. A wide range of ready-to-use POS materials attract consumers' attention and promotes the brand. POS materials are available for all concepts. We are also happy to provide customized materials to serve specific needs!

Big and bulkier products are often best displayed outside the regular shelf. Floor space can be efficiently utilized with our designated SmartStore™ floor units. These units allow pallets to be loaded directly onto the sales floor, transforming a standard hallway into a premium shopping area.

CLASSIC & HOME

Pallet collars create ready-to-sell units that can be efficiently handled and merchandised in-store. They uplift the category appearance and provide important information to consumers.

Complete the in-store visibility with SmartStore™ pop-up displays, top signs, and shelf banners.

COLLECT

SmartStore™ Collect is an innovative recycling solution that facilitates sorting and storing of packaging waste. Give customers the feeling of Nordic design and quality with appropriate POS materials.

RECYCLED

SmartStore™ Recycled is a sustainable, all-round storage solution that transforms plastic waste into new products. The durable boxes are perfect for example for the storage room, garage or basement.

PRO & DRY

We help you to create a professional SmartStore™ section, whether you run a DIY store, hardware store, garden center or a specialty department e.g. at a hypermarket. Make use of the existing floor space with our branded pallets, and create visibility at the regular shelf with top signs, shelf strips and other designated signage.

Inform consumers about special product features and benefits. A systematically organized point of sale creates a positive and professional image. A coherent and unified appearance also leads to a better shopping experience.

COMPACT & COMPACT CLEAR

Display this modern and stylish small-storage range to its advantage. Create a powerful shelf module or an end of gondola, utilize floor space with our efficient ½ pallet and ¼ pallet solutions, and communicate in the shelf with clever wobblers, interactive shelf-talkers, tags and signs.
